ING wins Green bond of the Year 2019

Best Trade Finance Provider CEE 2023

We are looking for our future colleague to join us:

Head of IT WB Hungary

ING Bank N.V. Hungary Branch has been providing financial services to large companies in Hungary since 1991. ING is a global bank with a strong European base. Our more than 60,000 employees serve around 37 million customers, corporate clients and financial institutions in over 40 countries. Our purpose is to empower people to stay a step ahead in life and in business. ING is a market leader in sustainability and wants to play an active role in stopping climate change. We finance a lot of sustainable activities, but we still finance more that's not. See how we're progressing on [ing.com/climate](https://www.ing.com/climate).

Key tasks:

- Partner with the business and represent IT at the ING Hungary Bank management team
- Defining and implementing the IT strategy with proper IT Landscape in line with the bank's IT strategy and IT Target Operating Model (TOM)
- Identifying and adopting applicable changes in the market with regards to core banking developments and NextGen messaging standards
- Ensuring a safe and compliant bank from an IT perspective (IT Custodianship)
- Defining and implementing vendor and sourcing strategy
- Acts as an ambassador for culture change and serves as a role model in terms of the new agile way of working
- Stimulates cross-border interaction between and alignment across people, tribes, squads, areas and chapters
- Encourages IT Engineers to continuously develop their capabilities and competencies to remain up-to-market in their field at all times

Required skills and behaviour:

- College or University degree in IT
- At least 8 years of Engineering experience, preferably in creating high scalability mission-critical and secure applications
- Leadership skills, determination, decisiveness and problem-solving skills
- Track record in transformation and increasing performance and organizational health by applying Agile and BusDevOps principles
- Understand Banking business products and processes and innovations
- Having a continuous improvement mind-set, excellent analytical skills
- Fluency of written and spoken English
- Excellent verbal and written communication and presentation skills
- Ability to engage and motivate the team, by setting a vision and alignment to execute the IT strategy

What we offer:

- Multinational environment, international corporation and a diversity of cultures
- Modern, pleasant work atmosphere, flexible hybrid way of working (50% homeoffice)
- We treat each others as partners, age makes no difference for us
- We provide personal and professional development opportunities
- We offer competitive compensation, various benefits, with a focus on wellbeing
