InsideBusiness Connect API

Initiation Payment API

ING Bank provides Initiation Payment API to its clients.
The fees and commissions are subject to agreement.

¹ Check <http://www.ingwb.com> for the amount of interest and how it is calculated, as well as the interest on the foreign currency and third-party accounts.

² This fee is applicable for clients that have a low transaction volume or due to the company structure could be considered complex. This fee will replace the general Maintenance Fee € 25.00 per month, the Non-Resident Maintenance Fee € 100.00 per month or the Foreign currency account €25.00 per month, per account. Whether this 'Maintenance Fee for Low Volume/ High Complexity Clients' applies to you, will be set out in an additional Pricing Agreement between you and ING.

³ This fee is applicable for the maintenance of an account in a country outside of your country of incorporation.

⁴ If market circumstances require, the credit interest rate can be negative, as a result of which the Client will have to pay interest to the Bank over a credit balance.

Credit interest rates vary per currency and can be found via <https://www.ingwb.com/en/service/payments-and-collections/interest-rates-on-current-accounts>

As ING is exposed to extra costs in case there are extra balances placed at year-end, ING reserves the rights to charge a flat fee of 15bps over the extra balances (see above mentioned link)

¹⁵ The base for the cost charge is the number of managed accounts on the 26th of the previous month, or if the 26th is no work day, the first following workday.

¹⁶ ING will perform a currency conversion in case the payment instruction requires this. The conversion costs are incorporated in the transaction amount. The Bank executes payment transactions where a currency conversion is required in the following way:

- Transactions up to EUR 100K: using independent market standard reference rates published by Refinitiv (formerly known as Thomson Reuters) every day at 07:00, 11:00, 14:00 and 17:00 hrs. CET. Payments are processed immediately applying the rates of the last previously published Refinitiv rate update plus a service spread.
- Transactions over EUR 100K: using a "real time ING rate", established using a base rate determined on the principle of best execution including a service spread. ING guarantees the best execution principle by applying the best FX rate offered by any of 11 FX market liquidity providers (6 leading banks, 3 Electronic Communication Networks and 2 interbank brokers). The resulting base rate is updated every 2 seconds in our FX platform.

The Details of exchange rate used for specific payment transactions are available on account statements/reporting

¹⁷ SHA: client and beneficiary each pay their own transaction fees

¹⁸ BEN: beneficiary pays all costs.

¹⁹ OUR: client pays all costs.

²⁰ Bank charges vary per country.
